Family Housing and Local Information About NAS Lemoore

The Housing Service Center (HSC) is available to assist you with all of your housing needs. Enclosed is some housing and local information with helpful web links that may interest you. Please contact us for more information.

Common Navy Housing Terms

Housing Service Center (HSC) is the Service member's government advocate for providing assistance for any type of housing: rental or purchase, on-base or off-base, community, government and Public/Private Venture (PPV) at any installation worldwide.

Fleet and Family Support Center (FFSC) supports individual and family readiness through a full array of services and resources which help Navy families to be resilient, well-informed and adaptable to the Navy environment. The Naval Air Station Lemoore FFSC serves active duty members, retired personnel and family members with programs and services to enhance their quality of life.

Public/Private Venture (PPV) housing is also referred to as privatized housing in the Navy. We have partnered with [Lincoln Military Housing](#) to offer you and your family outstanding on-base housing choices. PPV housing at Naval Air Station Lemoore is owned by Lincoln Military Housing and governed by a business agreement in which the Navy has limited rights and responsibilities. Lincoln Military Housing is entirely responsible for the construction, renovation, maintenance and day-to-day management of the housing. PPV housing may be located on or off government property and in most cases will be former military housing.

Community Housing is any housing that a Sailor may choose that is not PPV or government operated. This is housing outside of the base that is privately owned and operated. This can include apartment complexes and single family homes for rent.

[Housing Early Application Tool \(HEAT\)](#) allows Service members and their spouses to apply for housing at one or more locations before or after they receive their PCS orders. The launch of HEAT allows the Service member to tap into their DEERS record, creating an easy user experience. Spouses can use the application as well, needing only minimal information about their Service member.

REQUIREMENTS FOR PET REGISTRATION ABOARD N.A.S LEMOORE

All cats and dogs residing on NAS Lemoore are **required to be spay/neutered** and **registered through the Veterinary Treatment Facility**. *This helps to ensure that all lost pets will be returned to owners and that pets receive a standard minimum of preventive medical care.*

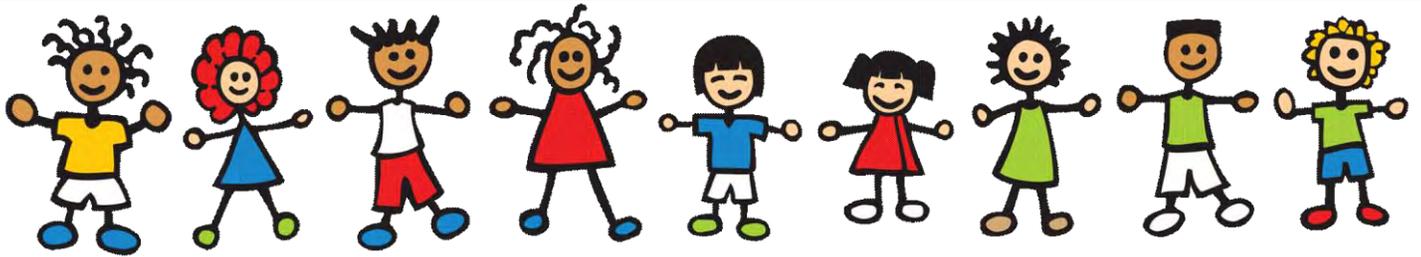

The current requirements include:

- 1. PROOF OF CURRENT RABIES VACCINATION** – This is the rabies certificate (not the tag worn on the collar) identifying the animal, the date of vaccination, expiration date, vaccine serial number, etc. **The rabies vaccine can only be given by a licensed veterinarian.** In California, puppies and kittens must be four (4) months of age to receive this vaccine; the first vaccine is valid up to one (1) Year. Laws vary for other states, so be sure to check with your veterinarian when you PCS.
- 2. CURRENT BOOSTER VACCINES** – This includes the yearly distemper/parvovirus combination shot for dogs and yearly distemper combination shots for cats. Puppies and kittens should receive a series of three (3) of these vaccines at eight (8), twelve (12), and sixteen (16) weeks. *Call the clinic if you are uncertain about your pet's vaccination history.*
- 3. MICROCHIP IDENTIFICATION** – This is the tiny device, about the length of a grain of rice, which is injected under the skin, between the shoulders. No incisions are necessary and the procedure takes just a few seconds. It is a permanent identification method used worldwide by both civilian and military people to assist in returning lost pets to their families. An electronic scanner is passed over the pet's shoulder and if a chip is present that animal's unique number appears. This number can be reported to the vet clinic, which keeps track of all pets' registration on base. Make sure you keep all information accurate with the microchip company. (Base Vet provides walk in service for microchipping)
- 4. A MEDICAL RECORD AT THE VETERINARY TREATMENT FACILITY** – Owners are welcome to utilize any veterinarian of their choice, as long as a record of current vaccinations is kept at the VTF while the animal resides in housing. *If you have any questions registering your pets, don't hesitate to call the Veterinary Treatment Facility at (559) 998-2753. Hours of operation are Monday – Friday 0800 – 1600.*
- 5. A KINGS COUNTY LICENSE** – Dogs are required to have a county license, which can be obtained by taking your dog's current rabies vaccine certificate to the **King's County Animal Services**, located at:
10909 Bonneyview Ln Hanford, CA; (559) 582-3211 x2525
- 6. PHOTOGRAPH OF PET IN OFFICE**- Pictures may be emailed to cpennington@lpsi.com. (Include address and last name in email subject line.)

Naval Air Station Lemoore Base Chapel

The Naval Air Station Lemoore Base Chapel is 18,500 square feet and is open for reservations throughout the week. Beyond the Sanctuary area, we have a Fellowship Hall, kitchen, a nursery and two classrooms. This is a prime location when you are looking for public space.

We routinely host command functions, birthday parties, weekly Boy Scout meetings and just about everything else in between. In fact, the list of things you can reserve it for are much longer than the list of things you can't. So if you're looking for space, please give us a call and we would love to help you out! We also have continuously ongoing events, so please keep an eye out, because we don't want you to miss out.

If you are planning on joining us for Sunday Service it is our sincere hope that you will view your time of worship and celebration as more than a chapel service... we want you to think of us as family, and this place as your church home. We hope you'll join us in the future, and should you have any questions, don't hesitate to ask!

Don't miss out! Like us on Facebook.
